

LED Display – CUBE Series

CUB Series

Feature

- Multi-face cube display design for 360° visibility
- High-resolution LED panels with uniform brightness
- Seamless cabinet structure with precise alignment
- Wide viewing angle for consistent visual performance
- High refresh rate for smooth video and animation display
- Modular design for easy installation and maintenance
- Robust structure suitable for commercial environments
- Long lifespan with stable performance
- Compatible with standard LED control systems

Applications

- Retail and shopping center displays
- Commercial advertising and brand promotion
- Exhibition and event installations
- Digital signage and creative display solutions
- Showrooms and experiential spaces

Ceiling Mount

Wall Mount

Indoor Models
